# CARE LEAVERS SUPPORT PROGRAMME

Widening  
Participation  
& Outreach

The University of Liverpool has a well-established tradition of supporting care leavers into higher education. We would like to help and encourage care experienced individuals to progress in to university and consider Liverpool as a realistic option for their studies.

The Widening Participation and Outreach team offer a bespoke service that supports the transition of care experienced students in to the University of Liverpool.

## The University of Liverpool can offer the following support

- If you receive an offer from the University of Liverpool, the offer will be reduced by up to one A-Level grade or equivalent (excluding programmes within the School of Dentistry, Health Sciences, Medicine and Veterinary Science)\*
- Bespoke information and guidance from designated outreach staff to support transition to university

- Support with transport to enable participation in the University's Open Days and Applicant Discovery Days on campus
- Care Leavers Opportunity Bursary for each year of study (excluding NHS funded courses)\*\*
- 365-day accommodation during your studies at Liverpool
- Opportunity to apply to work as a Student Advocate with the University's Outreach team.

For more information please contact Ben Toleman, who would be happy to discuss the support available to care experience applicants:
